Recommendations for approval by
the 1st FIDE COUNCIL 2023
(Mexico City, April 4th, 2023)

The present report presents the ARB Commission's activity, the list of FIDE Arbiters' Training Seminars, norms achieved and title and accreditation recommendations for approval by the FIDE Council. The period covered is between November 8th, 2022 and March 18th, 2023. It was prepared in collaboration with Nebojsa BARALIC, Secretary of the Commission, and Laurent Freyd, Chairman of PDC (involved in part about Arbiters in World Events 2022).

Note: other activities of the FIDE Arbiters' Commission are regularly reported on <https://arbiters.fide.com>

1) NEW ARBITERS COMMISSION

I highly appreciate the possibility to Chair the Arbiters' Commission for next four years and I am glad that IA Nebojsa Baralic continues as Secretary, I highly appreciate his support to Arbiters Commission and perfect work. I am also thankful to former Chairman, IA Laurent Freud for his support and willingness to help and discuss all topics. We feel the support and are glad to have possibility to consult important questions and decisions with FIDE President Arkady Dvorkovich and Chief Operating Officer Sava Stoisavljevic and feel the support from all other members of FIDE Council and Management Board.

In the work of Arbiters' Commission, we would like to focus together with Councilors and members of ARB on following:

- Being a chess arbiter on any chess event should be a pleasure for each well prepared arbiter, we want to have good relations among us, support one another not only during the chess event but also help to prepare arbiter before it. For us it is important, that everyone can say his opinion, even if it is not the same as the opinion of others, we keep the goal – Gens una sumus!
- Arbiters' Commission wishes to be a respected partner in the process of appointment of arbiters for World events. Therefore we are looking forward the cooperation with other relevant FIDE commissions (especially Global Strategy Commission and Events Commission, Commission for Women's chess, Players with Disabilities Commission) and organisers from hosting countries.
- During years 2022-2026 members of Arbiters commission are split into teams (Educational Team, Tournaments Team, Publication & Social Team, Titles Team and Regulations questions & Answers Team) with a leader and members so they can focus on a specific area, of course their help in other areas is welcome as well.
- In cooperation with the FIDE IT Office, our plan is to automate the licensing process and raise cooperation with all federations to a higher level in this area.
- Education and continuous professional development of arbiters is a very important topic for the ARB Commission. In the coming period, our Education Team will prepare Refresher Courses and IA Seminars and will begin their realization, in accordance with the previously set plans.

First steps that have been done:

- Each team already had at least one (some already more) online meeting, lead by the leader of the team with present were both Chairman and Secretary of Arbiters` Commission.
- Arbiters` Commission presented their proposal for Appointing the arbiters for World events in 2022.
- Arbiters` commission opens Arbiters` Corner on its webpage, where we want to share topics interesting not only for chess arbiters but also for organisers and players as well.
- We finished the work on Arbiters disciplinary Regulations and after its approval and appointment of all members of Arbiters disciplinary subcommittee we immediately start to deal with disciplinary cases.
- Under the leadership of Alex McFarlane we continue on the most important topic – to educate the chess arbiters, not only during the FA seminars but the goal is to have a working system of refresher courses that will be compulsory for all FA and IA arbiters to be listed as active arbiters. We feel how important it is to prepare not only to pass the FA exam but to develop our knowledge perpetually.
- In the progress is the work on new regulation for Stipends for arbiters, we wish to present it during the year 2023 to be approved by Council. The aim is to have a fair system and that all arbiters (not only Chief Arbiter and Deputy Chief Arbiter) know exactly and in advance what is the stipend for every World Event.

4) ARBITERS IN WORLD EVENTS 2022

Following the introduction of panels for the selection of arbiters in World Events, it is key for FIDE to ensure that the selection process is well under control and the regulations are followed by all actors involved. Otherwise, the integrity of the system might be at risk and the objective of continuous improvement spoiled.

Reminder

Arbiters may be appointed in World Events in accordance with several published regulations:

- B06.3 Classification of Arbiters: this gives the global framework based solely on titles and categories. In particular, the character of exception when selecting National Arbiters, that must be validated by the ARB in advance.
- B06.4 Selection of Arbiters in World Events: this summarizes the usage of panels and the duties of the FIDE commissions (EVE, GSC, DIS) and organizers in terms of consultation/validation by the ARB when forming teams for world events.
- Other regulations, specific to the event (e.g. Chess Olympiad, World Cup etc.)

While we could observe some efforts to comply, the ARB is not yet systematically involved as documented in the regulations, so we expect all parties to improve this in the future.

The ARB also kindly requests the support of the FIDE Council so that the calendar of nominations is handled on a full year basis. This way the panels may be better consulted for their wishes and availability. This would help all actors to make more appropriate selections with a global view on the pool of arbiters.

The period covered is from the 1st January 2022 till the 31st December 2022. Twenty-one (21) events were organized (11 GSC and 10 EVE).

Details of appointments may be consulted in *Appendix D*.

846 Arbiters from 130 Federations officiated in World Events during the period.

A way to improve our processes is to follow up the application of the published regulations and The next 2 sections aim at improving the quality of FIDE procedures and the quality of selected arbiters.

Selection process review:

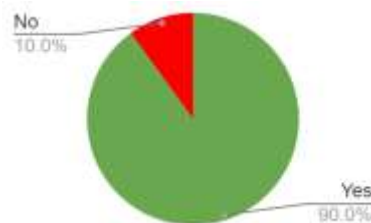

In the process of selection of Arbiters for World Events, the consultation and/or validation by the ARB helps ensuring a better compliance with regulations. The graphs below display indicators about the selection process. As the FIDE Arbiters' Commission is expected to be consulted (Handbook B06.4 Art. 6.2 and 7.2), the target for this indicator is 100%.

Scope: 2022, YTD, 20 events (excluding the Olympiad, 100% compliant, managed as a joint project between the ARB and GSC)

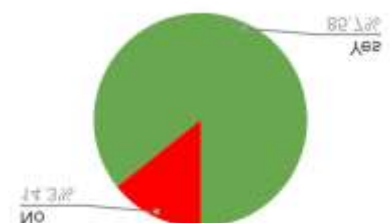

GSC – Senior Arbiters

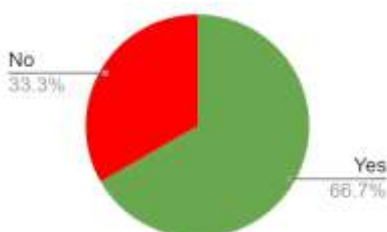

EVE – Senior Arbiters

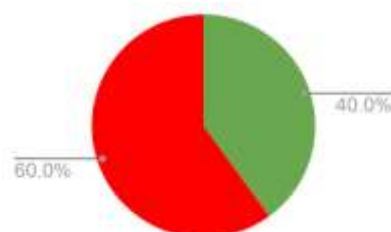

Senior Arbiters Total

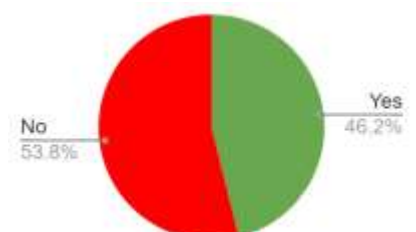

GSC – Other Arbiters

EVE – Other Arbiters

Other Arbiters Total

Overall, the ARB was quite well involved on the selection of senior roles (Chief and Deputy Chief Arbiters), however the selection of other arbiters (floor arbiter, sector, pairing, fair play) didn't comply for 60% of the events: this contributed to a high rate of irregular nominations (see next paragraph) and should improve in 2023.

Review of compliance with regulations:

World events represent the highest possible level of FIDE events and respecting the published regulations on the selection of arbiters (panels, titles and categories) is a must: the whole process of selection of Arbiters in World Events relies on being applied properly for quality improvement and a proper development plan of arbiters worldwide.

We may qualify nominations in 3 categories:

- Valid ones: They comply with the published regulations, without any specific action
- Derogatory ones: They comply with the published regulations, with a special derogation by the FIDE President or the ARB
- Irregular ones: They don't comply with the published regulations (no possible derogation)

The above quality dashboard summarizes the selection process for each event of 2022.

When the organizers consulted the ARB, the level of compliance with regulations for the nominations of Arbiters was globally higher and we can observe the largest deviations when the commission was not consulted. In some cases, derogations could have been given, however, when the list of floor arbiters was only sent shortly before the start or even after the event, they appear here as irregular selection.
