

Recommendations for approval by
the 3rd FIDE COUNCIL 2024
(Budapest, September 5th, 2024)

This report presents the ARB Commission's activity, the list of FIDE Arbiters' Training Seminars, norms achieved and title and accreditation recommendations for approval by the FIDE Council.

The period covered is between July 16th, 2024 and September 5th, 2024. It was prepared in collaboration with Nebojsa BARALIC, Secretary of the Commission.

Note: other activities of the FIDE Arbiters' Commission are regularly reported on <https://arbiters.fide.com>

1) ARB ACTIVITIES IN THE PERIOD BETWEEN TWO FIDE COUNCIL MEETINGS

During the period between July 16th, 2024 and September 5th, 2024 in FIDE Arbiters Commission (ARB) we worked on the following topics:

- A) Olympiad in Budapest
- B) ARB Education
- C) Cooperation with Fair-Play Commission
- D) New Guinness World Record – 21st July 2024
- E) Questions & Answers
- F) Appointment of arbiters for World events
- G) Arbiters' Manual 2024

- A) **Olympiad in Budapest:** Preparation of the arbiters' team was arranged in 4 online meetings with all arbiters for the Olympiad.
- 1st meeting: focused on the role of the arbiter, duties of match arbiters and sector arbiters and the cooperation between all roles,
 - 2nd meeting: preparation for the matches and duties of the arbiter during the round,
 - 3rd meeting: duties at the conclusion of a match
 - 4th meeting: the topic for the last one was the cooperation with Fair play, TAP and also dealt with questions from arbiters.

During this period, we prepared the Arbiters' meeting in person in Budapest (planned for September 11th) and to contribute to other events taking part during the Olympiad. The ARB Commission will organize two arbiters' seminars, one International arbiters certification seminar and one FIDE arbiters seminar. We encouraged the Match Arbiters to participate in these seminars, so the schedule was prepared in a way to enable them to join it.

Almost 200 arbiters participated in those meetings.

- B) **ARB Education:** At the present time the FIDE Arbiters' Commission is involved in the qualification of arbiters at IA and FA levels. The IA seminars have been held online by experienced Lecturers and have been directly organised by the Commission. FA Seminars are organised through Federations. Lecturers conducting these FA seminars do so with the support of the ARB Educational Team. Help is always given if needed. The latest Lecturer Training Program (LTP), aimed at producing new and competent Lecturers, has reached the stage where chosen participants have been asked to submit a presentation prepared on any topic in FA seminars. The final selection will be based on a presentation of this material and an interview. Our goal is to have the optimum number of Lecturers which ensures that demand for arbiter training is met and that the quality of Lecturer is high. It is said that practice makes perfect and Lecturers must conduct seminars regularly to maintain a high standard and to ensure they keep up to date with changes in the Laws and Regulations applied by arbiters. The standard of Lecturer is monitored. Currently one Lecturer who failed to maintain the standards required in the process of seminar preparation will need to assist other Lecturers and show improvement before being allowed to conduct a seminar as the lead Lecturer.
- C) **Cooperation with Fair-Play Commission:** Our commission received a proposal from the Fair Play Commission about the division of the roles of Chief Arbiter and Chief Fair Play Officer and of the cooperation between arbiters and the Fair Play team. All members of ARB were asked to share their opinions on this topic and the result was a written statement. ARB proposes to keep the final word in all decisions related to a chess event with the Chief Arbiter but respects the right of the Appeals Committee to overrule these decisions.
- D) **New Guinness World Record – 21st July 2024:** 350 arbiters participated in events held all over the world and thanks to them more than 75000 games were played OTB (over the board). The FIDE Arbiters Commission contacted each of them and, thanks to the support from PDC (Mr. Laurent Freyd), was able to give any assistance needed. Arbiters were responsible for submitting the reports and most of them did it correctly and on time.
- E) **Questions & Answers:** Not only arbiters but also players continue sending us questions and also proposals for change in the regulations. Our team replies to them quickly and in detail.
- F) **Appointment of arbiters for World events:** The FIDE Arbiters' Commission continues in its work on the nomination of arbiters for world events. This is done together with organisers, GSC and EVE Commission. The financial aspect is still dominant. We realise the differences in approach of organisers. Some understand our goal of inviting arbiters from all continents, but others prefer just to invite arbiters from nearby countries to avoid higher travel costs. In this regard, we plan to to organise a meeting with the GSC and EVE Commissions, so that from the beginning organisers are provided with detailed information about the process of appointment of arbiters. Unfortunately, the organisers often hesitate to contact us (or do not reply to our requests to cooperate in the process of selection of arbiters), as for them it is important to first know the interest from players so that they can work on the budget for arbiters.
- G) **Arbiters' Manual 2024:** We have reached the final stage, printing, of the Arbiters Manual 2024. 500 copies will be distributed not just among arbiters but also to members of the FIDE Council, the FIDE Management Board and Delegates to the Congress. Through this we try to promote the good name of chess, education and our work in the chess.

2) GOALS WHICH WERE BE ACHIEVED IN THE FOLLOWING PERIOD

During the next period, in FIDE Arbiters Commission (ARB) we will work on the following topics:

- A) Continue the work on improvement of FA and IA Seminars, sharing ideas among Lecturers to improve the level of these seminars. Here we are looking forward to the first 'in person' IA seminar (Budapest, during the Olympiad), so we can compare the advantages and disadvantages of this forms of seminar.
- B) Review the list of lecturers, include new lecturers, and delete those who are inactive or with inadequate performance.
- C) Put all effort into the topic of Refresher courses. At the next Council we plan to submit a request to PDC for support, so each arbiter working on these Refresher courses will get fair conditions.
- D) Organise und publicize on-line sessions for arbiters about different topics, support the idea of having these sessions where the speaker will present the topic and other participants can add their contribution.
- E) Continue with process of checking the tournament norms of arbiters and prepare and present material for FIDE Council for approval (FA arbiters, IA Arbiters and upgrades in their categories).
- F) Propose arbiters for World Events, with respect to gender, rotation, geographic areas as well as to give a chance to new and suitable arbiters.
- G) Make progress with Refresher Courses, start working on materials for each topic (content).
- H) Work on other topics that arise during this period.
